Luna and Friends

In the endless expanse of the galaxy, where planets sing and stars shine brightly, Luna, a curious and brave moon, discovers that her friend Twinkle- the most radiant star in the night sky- has gone missing. Determined to bring back the sparkle to the universe, Luna embarks on a cosmic journey across mysterious planets, space stations, and through star-filled jungles. With her friends by her side and challenges at every turn, Luna must uncover the truth behind Twinkle's disappearance while battling cosmic forces and bringing light back to the night sky.

Chapter 1: Life on Earth

We humans rush around working and striving, trying to make our lives better, but little do we know about the world beyond our sphere.

Students:

Gabby Raba, Holly Bis, Katelynn Pressley, Kylie Copper, Piper Wells, Sarah Foxwell, Amelia Sans, Ashleigh Atkins, Athena Florian, Emily Miller, Emma Karahasan, Lyla Rivers & Hannah Karahasan

Choreographed by Jadia Rorie

Song: Outlanders by Daft Punk from Tron Legacy

Chapter 2: Stars Play

In a faraway galaxy, where stars twinkle like sparkling diamonds and planets dance in a colorful ballet, there was a small, friendly moon named Luna. Luna loved to play games with her star friends and dream of new adventures.

Students:

Amelie Diaz, Ella White, Emma Rojas (Twinkle), Isabella Short, Jocelyn Reyes, Kate Payne & Peyton Sferrazza (Luna)

Choreographed by Casey Jackson

Song: Our Last Dance by Samuel Bohn

Chapter 3: Black Holes

Suddenly, the space around them darkens, and an eerie silence takes over. A swirling mass of black holes emerges from the shadows, their immense gravity bending light itself. With a powerful pull, they disrupt the game, scattering the stars in all directions.

The most beloved star in the sky has been taken. Twinkle is gone.

Students:

Audrey Porter, Emma Behringer, Lacey Hughes, Lorelai Taylor, Lydia Levan, Lyla Rivers & Peyton Sferrazza

Choreographed by Jadia Rorie

Song: A Phoenix Rises by Secession Studios

Chapter 4: Eternal Fall

Luna's journey takes her to a mysterious planet called Autumnis, a world where the season of autumn never ends.

Students:

Audrey Nguyen, Avery Drage, Isabella Honeycutt, Ruth Brown, Vilemina Janikova & Lena Alfaro

Choreographed by Darby Florian

Song: Autumn Love by Thomas Bergersen

Chapter 5: Planet of Giggles

Luna's encountered her first series of planets starting with the Planet of Giggles, where laughter filled the air. She met the Gigglebugs, tiny creatures who loved to laugh and play. The Gigglebugs told Luna that Twinkle had visited their planet to play hide-and-seek, but no one had seen Twinkle leave. They gifted Luna a "Sparkling Balloon," which can glow to reveal hidden paths.

Students:

Charlotte (Shar) Wall, Courtney Wells, Ophelia Bauma, Sophia Grant, Taliyah Goldiamond & Claire Stephens

Choreographed by Darby Florian

Song: The Journey by Samuel Bohn

Chapter 6: An Icy World

Luna drifted toward a glacial planet that shimmered like a sapphire beneath a silver sun. Here, she encountered the ice wildlings — dancing in hypnotic patterns across frozen lakes, their movements weaving together all things cold.

Students:

Aliana Nazarov, Emily Vitale, Gabby D'Angelo, Presley Cash & Sasha Dvorak

Choreographed by Casey Jackson

Song: Metamorphosis by David Clavijo

Chapter 7: Field of Dandelions

Luna's journey then took her to the Cosmic field of dandelions.

Students:

***Bianca Cruz, Emily Sweeney, Everly Morris, Giles Greenoe,
Lily Sukomlynova & Mills Greenoe***

Choreographed by Darby Florian

Song: Remember Me by Thomas Bergersen

Chapter 8: Galactic Festival

Luna is given a star map to help her find her way to Twinkle.

Students:

***Ashleigh Atkins, Lillian Long, Hannah Karahasan, Emily
Miller & Kayden Mood***

Choreographed by Lacey Hughes

Song: Shooting Stars by Owl City

Chapter 9: Travel Through the Stars

Small stars dance around the galaxy, reminding Luna of her friendship with Twinkle.

Students:

Charlotte Florian & Sophie Puthoff

Choreographed by Jadie Rorie

Song: Go Newton Star by PJ Masks

Chapter 10: Fireflies

Luna is sad and discouraged that she can't find Twinkle but then she sees a twinkle of light far off in the distance. How will she get there? Is Twinkle within reach? What sacrifice is she willing to make to find her friend? She realized that the twinkle of lights are fireflies making their journey through space.

Students:

***Abigail Power, Adelle Fike, Aubree Molina, Linah Hwang.
Morgan Clayson, Sara Hess & Camdyn Pressley***

Choreographed by Casey Jackson

Song: Fireflies by Owl City

Chapter 11: Vertexa

Luna meets a wise robot named Vertexa that looked through the galaxies data for clues to help Luna find her friend.

***Student:
Alyssa Cross***

***Choreographed by Alyssa Cross
Song: A Sky Full of Stars by Cale, HALUNA***

Chapter 12: Junk Yard Jam

Luna drifted through the vast, cluttered expanse of the Galactic Junkyard, where abandoned satellites, broken starships, and forgotten cosmic relics floated endlessly. As Luna entered the junk yard the scene transformed into a cosmic jam.

***Students:
Amelia Sans, Ashleigh Atkins, Athena Florian. Emily Miller,
Emma Karahasan, Lyla Rivers & Hannah Karahasan***

***Choreographed by Jadia Rorie
Song: Space Jam by Quad City Dj's***

Chapter 13: The Planet of Bendy Aliens

Following Twinkle's shimmering trail out of the Junk Yard, Luna's journey took her to a planet of bendy aliens called Bendlings. The planet's flexible, noodle-like aliens, twisted and flipped toward her

Students:

Mila Sukhomlynova, Lorelai Taylor, Peyton Sferrazza & Vilemina Janikova

Choreographed by Meghan Strand

Song: Formula by Labrinth

Chapter 14: Meteor Magic

As Luna soars through space, a blazing meteor streaks past, nearly knocking her off course. She calls out, and the meteor, a restless traveler, rumbles, "I do not stop—but I saw a star's light near a group of comets" With renewed hope, Luna thanks the meteor and races toward her next destination, determined to find Twinkle.

Student:

Nicole Catoe

Choreographed by Meghan Strand

Song: Sound of Silence by Disturbed

Chapter 15: Comets

Along her journey, she encounters playful comets that zip past her in dazzling streaks of light, their icy tails sparkling like cosmic fireworks. Though they invited her to join their race, Luna politely declines, keeping her focus on finding the warm, steady light of Twinkle shining somewhere in the distance.

Students:

Amelia Sans, Caroline Egnor, Emma Karahasan, Sabrina Tran, Sloane Wilson & Sophia Tran

Choreographed by Casey Jackson

Song: Wonder by JT Peterson

Chapter 16: Extraterrestrial Investigation Bureau (EIB)

In Luna's search for Twinkle, she comes across an interesting creature who is part of the EIB, looking for aliens in the galaxy.

Student:

Kadence Hyser

Choreographed by Kadence Hyser

Song: Skyfall by Adele

Chapter 17: Space Cat

As Luna drifted through a glowing nebula, a sudden swish of a tail caught her eye. Perched on a floating asteroid, stretching lazily under the cosmic glow, was a sleek, shimmering space cat with fur that sparkled like the Milky Way.

***Student:
Lyla Rivers***

Choreographed by Jadia Rorie

Song: Find My Boy and Bring Him Home by Bonnie Grace

Chapter 18: Purple Cosmic Dust

While searching for Twinkle, Luna encounters a mysterious entity of purple cosmic dust, swirling with cosmic energy.

***Student:
Meghan Strand***

Choreographed by Meghan Strand

Song: Way Down We Go by KALEO

Chapter 19: Oceara

Luna's journey led her to Oceara, a breathtaking planet covered entirely in shimmering, deep-blue water. As she descended, massive waves moved in slow, rhythmic pulses, glowing with bioluminescent light.

Students:

Vilemina Janikova & Isabella Honeycutt

Choreographed by Jadia Rorie

Song: Silver Sea or Spiraling Galaxy by Samuel Bohn

Chapter 20: The Dark Queen

Luna's search for her missing friend, Twinkle, brings her to the Obsidian Expanse, where she encounters the powerful Queen Noctis, ruler of the shadows. Despite Luna's plea for help, the dark queen demonstrates her immense strength by manipulating space and refuses to aid her, sending Luna away to continue her journey alone. With the Queen's cold dismissal, Luna is left to face the vast darkness of space on her own, determined to find Twinkle and prove her strength.

Student:

Sarah Hunt

Choreographed by Sarah Hunt

Song: An Impossibility by Secession Studios

Chapter 21: We all Need a Friend

The black holes bring Twinkle on stage. Shadow leaves the group and performs to show Luna her power.

***Student:
Lorelai Taylor***

***Choreographed by Jadia Rorie
Song: Retribution by Samuel Bohn***

Chapter 22: Hope is Lost

Luna is sad and feels hopeless against the black holes.

***Student:
Peyton Sferrazza***

***Choreographed by Jadia Rorie
Song: Disappear by Olexander Ignatov***

Chapter 23: Solar Flare

Luna suddenly finds herself in the path of a massive solar flare—a burst of intense, fiery energy from a nearby star. The Solar Flare shows her strength and returns Twinkle to Luna.

***Student:
Lacey Hughes***

***Choreographed by Jadia Rorie
Song: Unstoppable by E.S. Posthumus***

Chapter 24: Unlikely Friend

The black hole leader Shadow wasn't truly mean—just lonely. She had tried to force friendship instead of earning it with kindness. Realizing her mistake, Shadow set Twinkle free. Luna returned home, her heart full, knowing she had gained more friends than ever. With the sky now shining brighter, she promised always to help others and keep the universe's magic alive.

Students:

***Audrey Porter, Emma Behringer, Emma Rojas, Lacey Hughes,
Lorelai Taylor, Lydia Levan, Lyla Rivers & Peyton Sferrazza***

***Choreographed by Jadia Rorie
Song: Cosmic Love by Florence and the Machines***

SHOUT OUTS

Adelie, we're over the moon with pride! Your passion and dedication to Aerial Joy shine as brightly as the stars — keep reaching for the sky, we love watching you fly!

My sweet, brave, outgoing girl. Watching you learn aerial has made us so happy. You work hard, are determined and most importantly you have fun. You make us so happy and so proud every day. We love you!!

Audrey - What a joy it is to see you grow your love for aerial! We are so proud of you!

***Thank you to everyone for
joining us today for
“Luna and Friends”***
